För att boka extra bagage, kryss i «Luggage and special services».
Här väljer du personer (en efter en) och hur mycket extra bagage som önskas.
Du måste göra ett val för båda utresan och hemresan, klicka sedan Next.

The screenshot shows a booking interface for luggage and special services. At the top left, there is a yellow checkmark icon and the text "Add extra Luggage and special services". To the right, there are four bullet points: "Low priced excess baggage units", "Save up to 40 %", "max. 40 kg per person", and "Earn at least 45 Points". Below these, there are two icons representing points and the text "Use Points for more Luggage". On the right side, there is a photograph of an orange suitcase on a table with a blue circular overlay that says "from".

Below this section, there is a horizontal bar with a red arrow pointing to it from the left. The bar contains the text "ARN to AYT" next to an airplane icon. To the right of this text are five options for luggage weight, each with a suitcase icon and a points value:

Weight	Points
20kg	
25kg	45 Points
30kg	90 Points
35kg	135 Points
40kg	180 Points

Below the table, there is a row of five radio buttons. The first one is selected and has a green background with a checkmark icon and the text "Included". The other four are unselected and have a white background with a circle icon. Below the radio buttons, there is a checkbox with a suitcase icon and the text "Add sports equipment (Diving, Golf, Bicycle...)".

Att tänka på:

- SunExpress kan tyvärr ej reservera eller spärra flygstolar till någon. Önskas ett specifikt säte eller att ni alla sitter bredvid varandra, ska man logga in och boka och betala dessa.
- Har du köpt bagage via Nazar, är det Nazars biljett som gäller. Har du köpt extra bagage eller måltider på flyget, är det kvitto från SunExpress som gäller.
